MARYLAND GAZETTE,

Containing the lateſt Advices foreign and domeſtic.

THURSDAY, *Auguſt* 5, 1762.

CORK, *April* 26.

ABOUT 30 of the Levellers have been examined before Godfrey Lill, and John Morriſon, Eſqrs. four of whom, who were committed on ſuſpicion only, have been admitted to Bail; the reſt were remanded to Priſon.

Laſt Monday Night, at 10 o'Clock, a Party of Lord Drogheda's light Horſe went out of Town on an Expedition; and Yeſterday Evening they returned, and brought in with them, and lodged in Goal, James Brown and Daniel Sullivan, two Prieſts, whom they apprehended in Conſequence of Information given againſt them.

We hear from Clonmell, that Yeſterday 11 Perſons were brought from Ardſinan, by a Party of Dragoons, charged with being Levellers, and lodged in the Goal of that Town.

Thurſday laſt one Stackpole, ſaid to be a Captain among the Levellers, and two others of inferior Rank, were brought to Town from Kilworth, under a ſtrong Guard, and lodged in the County Goal. Stackpole was taken ſome Days ſince at Kilworth, and having attempted to fire at the Officer who took him, received two Balls in the Thigh, which diſabled him from travelling otherwiſe than on a Car.

May 3. Yeſterday arrived at Cove, His Majeſty's Ship Aldborough, Capt. Graham, from a Cruize, and brought in with her the N. S. de Pieda Alaſtago Loocierna, a Spaniſh Privateer, which ſhe took about 20 Leagues South of Cape Clear, mounting 10 Carriage Guns, 16 Braſs Swivels, and 75 Men; who, a few Days ago, had taken the Brayton, Jakeys, of Whitehaven, from South-Carolina for Portſmouth, laden with Rice, which ſhe alſo retook and brought into Cove.

Tueſday laſt, ſeven Men and Women, apprehended on Information of being concerned in the preſent Inſurrection, were carried from the Neighbourhood of Ardſinan, and lodged in Clonmell Goal.——One Doyle, of Ardſinan, and one Sheehy, of Clogheen, two Popiſh Prieſts, guilty in the ſame traiterous Scheme, are fled from Juſtice.

DUBLIN, *May* 1.

Extract of a Letter from a Gentleman in Liſburn, in the County of Antrim, dated April 18, 1762.

"*We are much concerned to hear of your Diſturbances in the South, and are not a little ſurpriſed here, that any People among you ſhould be ſo unaccountably infatuated and deluded by France (reduced to the low Ebb ſhe is at preſent) or yet by Spain, a much more impotent and inactive Nation, as to truſt to their perfidious Arts, raſhly to engage in an Attempt, which, in the End, muſt involve them in certain Ruin and Deſtruction: Have they forgot the memorable Year* 1746, *when France, to ſerve her own Purpoſes, by large Promiſes, firſt inſtigated the Highlanders to a Rebellion, and then, without giving, or intending to give them any real Aſſiſtance, left them in the Lurch, to ſuffer the juſt Puniſhment of their Folly and Madneſs? Can the deluded Wretches of your Country expect any better Treatment from them at this Time? But if, from any vain Hopes of Aſſiſtance from the Enemy, they ſhould ſtill continue to diſturb you, remind them, that when Thurot, two Years ago, landed at Carickfergus, in leſs than three Days Five Thouſand of the Proteſtant Militia of Devon, Armagh, and Antrim, appeared in Arms, marched forward, and offered him Battle; and, by the reſpectable Spirit and Reſolution they ſhewed, ſtopped his Progreſs and ſaved the Town of Belfaſt, and Country adjacent, from being plundered. And your Diſturbers, Inſurgents, Rebels, or whatever Title they bear, may be aſſured we have, in theſe three Counties, 40,000 Men of the ſame Spirit, as well diſpoſed to chaſtiſe their Inſolence as their Fathers at Derry and Inniſkilling did formerly, whenever his Majeſty ſhall think proper to command them upon that Service. It is with infinite Pleaſure we are informed, that the ſame Spirit of Loyalty is dawning amongſt you; pardon the Expreſſion, for, from the Repreſentations we have had, the Inhabitants of Youghall alone have diſtinguiſhed themſelves upon the preſent Occaſion, which laudable Example will, we hope, rouſe greater Bodies to an Exertion of that Duty we all owe to our Country, and to our King. Let theſe Motives excite you to an Activity and Vigilance becoming the Sons of Freedom and Liberty, laying aſide all Supineneſs and Indifference: Power you cannot want, if it is not loſt by Loſs of Time; remember alſo that yours is the Cauſe of Virtue, oppoſed to Treaſon and Rapine.—— I hope to hear from you the agreeable Account of an End to your Troubles, and am, &c.*"

May 8. Letters from Cork mention, that every Thing appeared there in the greateſt Tranquility; that the Price of all Sorts of Proviſions were greatly fallen; that the Proclamation made there for engaging the poor deluded People to return to their Duty, had been attended with very good Conſequences, Numbers of them having returned to their reſpective Habitations.

Extract of a Letter from a Perſon of Note in Cork, May 4.

"We are pretty quiet here at preſent, and our Apprehenſions are leſſened with Regard to the Levellers. It was a ſerious Affair, and had not the Light Horſe exerted themſelves as they did, taken many, and terrified the reſt, I don't know to what Pitch they might have carried their Scheme by this Day, which now turns out to have been deeply laid."

BOSTON, *July* 15.

NEWFOUNDLAND Intelligence.

Extract of a Letter from Halifax, July 1.

"This Day arrived here his Majeſty's Ship Syren, of 20 Guns, commanded by Capt. Douglaſs, in 8 Days from Newfoundland, who brought Advice, that a Fiſhing Schooner arrived at Fiſh-Holt, in Newfoundland, before ſhe ſailed, who gave Intelligence, that about the 19th of June the ſaid Schooner was chaſed by ſix Ships, who fired one Shot at him, on which he brought to; that they then ordered him to come under their Stern, which he did; that a Fog coming on, he hoiſted his Sails and eſcaped; and that he believed them to be five Spaniſh Men of War of the Line, and a Frigate; that they fired above 100 Shot at his Veſſel, when he came to make Sail: On which he went to Fiſh-Holt, where he gave a Depoſition, which was forwarded to the Captain of the Syren, who immediately proceeded to this Place, to give Information of it to Lord Colvill."

Yeſterday arrived here the Schooner Hope, Edmund Freeman, Maſter, in about 17 Days from Quebec: The Captain informs us, That on the 15th of July he ſaw 5 Sail of Ships off Cape Roſier, bound up to Quebec, ſuppoſed to be Merchantmen from England: That on the 9th of the ſame Month he ſpoke with a Brigantine belonging to this Place, William Cochran, Maſter, who informed him, they had been 5 Days from Newfoundland, and were bound for Halifax, being then about 12 Leagues S. E. from that Place; there were a conſiderable Number of People on board the Brig, who informed him, that two Sail of Line of Battle Ships, and three Frigates, both French and Spaniſh, had taken the Bay of Bulls, Ferriland, and St. John's, in Newfoundland: Capt. Freeman alſo ſpoke with a Schooner the Day before, who had likewiſe given him the ſame Account. The Wind blew very high when our Informant ſpoke with the Brig, and is not certain whether it was ſaid they were 5 or 9 Days from Newfoundland.

July 19. On Monday the 5th of this Inſtant, about Two o'Clock in the Afternoon, a terrible and deſtructive Fire broke out in the Town of Scarborough, in the ſecond Pariſh called Dunſton, in the County of York, at the Eaſtern Parts of this Government. The Fire began about three Miles above the Meeting-houſe, N. W. the Wind being N. blew exceſſive hard; the Flames extended before the Wind with rapid Force about ſix Miles in Length, and about one Mile wide, which deſtroyed every Thing before it, and ſeemed like the laſt Conflagration. There were ſix Houſes, ſeven Barns, and three Mills burnt. Several Perſons of good Eſtates are almoſt ruined; the greateſt Sufferers are Capt. John Fabyan, and his Brother Joſeph Fabyan. They have loſt at leaſt 500 l. Sterling. Mr. Ebenezer Sevey's Farm is all laid waſte. Daniel Merrik ſaved his Building, but loſt all his Cattle and Sheep. Several Families are deſtitute of either Houſe, or any Thing to ſupport Nature, two Widows in particular. The leaſt Computation in the whole Loſs muſt be about 3000 l. Sterling. This Deſtruction was in the Space of two Hours, notwithſtanding the ſpeedy Aſſiſtance of Two Hundred People. Abundance of Corn, Graſs, and ſeveral Orchards, are entirely deſtroyed by the ſame.

On Friday laſt arrived here the Schooner Dolphin, Capt. Silas Atkins, in 17 Days from Newfoundland, and hath made the following Declaration, viz. That he left the Harbour de Grace in Newfoundland, the 27th of laſt Month, and that before he ſailed from that Place, Advice came that there were about 3000 French Troops landed on the 24th at the Bay of Bulls, who marched in two Days to St. John's, and laid Siege to it, and that it was ſuppoſed it would be taken, but that a great Firing had been heard there that Day: The French Force in the Bay of Bulls conſiſts of 3 Ships of about 70 Guns, one Frigate of 40, and a Bomb: That there were out at Sea, off the Bay of Bulls, 5 more Ships of the Enemy, ſome of which were of 70 Guns, but how many they could not ſay: That the French General had publiſhed a Manifeſto, a Copy of which he had procured and compared with the Original: That many Boats came into the Harbour of Grace with Inhabitants, many of which he knew, and had brought about 20 with him: That he believes many had returned to their Habitations, in Conſequence of the French General's Manifeſto: That they ſeemed diſpoſed to preſerve the Place, and keep it: And that he could not learn they had done any Miſchief upon the Banks.

The next Day arrived here Capt. Philips, in 19 Days from Trinity Bay, in Newfoundland, and informs, that a Shallop came in there, which had eſcaped from the Harbour of John's, and brought Advice, that that Place certainly ſurrendered to the French Troops, ſaid to be about 1500, on Sunday the 27th Day of June, at Noon, having made little or no Oppoſition; firing, it was ſaid, only one Gun, though a Place of conſiderable Strength, having upwards of 60 Cannon mounted, but were poorly garriſoned:—That the Gramont Frigate, with a Number of the Fleet which lately arrived from England, were in the Harbour of St. John's, and muſt have fallen into the Hands of the Enemy, as none of the Veſſels were ſuffered to leave that Place after that Advice came of the French being in the Bay of Bulls.——And that it was the general Opinion there, that it was the Enemy's Fleet from the Weſt-Indies, as the Ships appeared to be very foul.

The ſame Day another Veſſel arrived from Harbour Grace, and brought ſeveral Families, with their Effects.

The following is an exact Copy of the MANIFESTO *publiſhed by the French General.*

WE Count De Hoſſon Ville, French General, do declare to all the Inhabitants of the Iſland of Newfoundland, That the French Grenadiers landed on the ſaid Iſland, ſhall not do them any Harm, but ſhall protect them, if they do not take up Arms, if they give neceſſary Succours; we bound them expreſly as well of thoſe Juſtices of the Peace and principal Planters, do not leave their Houſes or Settlements, neither to defend themſelves; if they do any Thing againſt the ſaid Declaration, they ſhall be treated according to the Laws of War.

Saturday, June 26, 1762.

(Signed) Le Compte De Hoſſon Ville.

We hear that upon Advice being received at St. John's of the Enemy's Ships being at the Bay of Bulls, one or two Veſſels were immediately diſpatched from thence to England, with an Account of it.

On receiving theſe Advices, His Majeſty's Council were immediately called together, and ſeveral Expreſſes diſpatched; and two Veſſels were hired by the Government, to proceed immediately to Admiral Pocock, in the Weſt-Indies.

NEW-YORK, *July* 22.

Tueſday laſt an Expreſs arrived here from Boſton, with a Confirmation of the Advices mentioned under the Boſton Head, in Relation to the Enemy's attacking ſome Places at Newfoundland: And 'tis further ſaid, there are three Ships of the Line, and two Frigates, who immediately cauſed a Manifeſto to be ſpread over the Country, informing the Inhabitants, that if they would come in, and ſwear Allegiance to the French King, they ſhould remain unmoleſted, otherwiſe they ſhould have their Places and Subſtance deſtroyed; but as the Accounts are in general imperfect, we can ſay little; but are aſſured, in Conſequence of this News, the Halifax Packet, Capt. Boulderſon, was ordered to ſail directly for Falmouth, and ſhe is already under Sail for that Purpoſe.

Monday laſt his Majeſty's Ship Goſport, Captain Jervis, of 44 Guns, arrived at Sandy Hook, from England, laſt from Virginia, whither ſhe had been as Convoy to the Virginia Fleet. She has brought over about 150,000 Pounds Sterling, ſaid to be chiefly for the Army's Pay; which Money was the next Day landed in this City, and Yeſterday the Goſport ſailed again, ſaid to be in Purſuance of ſome Orders ſhe received ſince the Arrival of the abovementioned Expreſs, from Boſton.

There is a Report that the General Wall Packet-Boat is taken and ranſomed in her homeward bound Paſſage.

We hear that about a Month ago, 14 Merchantmen, under Convoy of a Letter of Marque Ship of 20 Guns, failed from Cape-François for Old-France.

July 26. When Capt. Jervis left England, which was the 6th of May, they were in daily Expectation of a Viſit from their French Neighbours at Dunkirk; for which Purpoſe it was ſaid, they had collected a vaſt Number of Flat-bottomed Boats, and about 30 or 40,000 Men; that Commodore Moore had propoſed a Scheme for entering the Harbour of Dunkirk, and deſtroying every Ship and Veſſel there; that 30 Engliſh Frigates, and 20 Ships of the Line, were daily cruizing off that Place; that his Majeſty had given Admiral Hawke a ſpecial Commiſſion, whereby he was impowered to diſpoſe of all the Ships in the different Harbours of England as he pleaſed; that Admiral Anſon was dying at Bath; that the Duke of York had hoiſted his Flag on board his Majeſty's Ship the Blenheim; and that Lord Howe was to accompany the Duke (in caſe he went to Sea) in ſaid Ship; that Advice was received in England that four French Men of War had got out of ſome Port of France, and were deſtined for America, and that 6 Engliſh Men of War were immediately ſent in Purſuit of them; and that his Royal Highneſs the Duke of Cumberland had offered his Service, to command all the Troops in England. [We leave our Readers to judge whether the above-mentioned French Ships are not thoſe that have taken Newfoundland.]

Thurſday Evening laſt the Ship Jenny, Capt Jarrold, and Ship Betſey, Capt. Waite, arrived here from Cork, in 60 Days, loaded with 2700 Barrels of Pork, and 1000 Firkins of Butter, &c. for the Uſe of his Majeſty's Troops on this Continent: They ſailed from Cork the 23d of May, in Company with 19 other Ships, all loaded with Proviſions for Quebec, under Convoy of his Majeſty's Ship the Aldborough, of 20 Guns, Capt Graham, and the Tamar Sloop of War of 16; from the latter they parted 130 Leagues off the Coaſt of Ireland; and from the whole Fleet, with the Aldborough, the 13th of June, in Lat. 44, Lon. 33, 15, all well.

Friday Evening laſt the Sloop Henry, Robert Craig, Maſter, arrived here in 26 Days from Jamaica: The 10th Inſtant he came paſt the Havannah, at about two Leagues Diſtance, and the ſame Day ſpoke with a ſmall Privateer called the Black River, Capt. Miller, who informed him, that the Engliſh Army had then been above three Weeks landed at the Havannah, and had kept a moſt inceſſant Fire moſt of that Time againſt the Moore Caſtle, in which he ſaid they had made ſome Breaches, and that the Spaniards continued to make a very gallant Defence.——Next Day Capt. Craig fell in with Capt. Stewart, in another Privateer, who confirmed the Account given by Capt. Miller.

The 7th of July Capt. Craig met with the Jamaica Fleet, conſiſting of 160 Sail, bound for England, under Convoy of Sir James Douglaſs, and left them ſteering N. N. E.

PHILADELPHIA, *July* 29.

By Captain Philipſon, in the Ship Royal Ann, from Guadaloupe, we are informed, that the Enemy's Privateers are very thick about that Iſland and Martinico: That Captain L'Eſtach, in a French Privateer, had cut out of the Harbour of Petit Plain the Sloop Reſolution, Capt. Patterſon, bound to this Port: That the People on board the Privateer ſaid, they had taken two Brigs belonging to Philadelphia? And

that ſaid L'Eſtach had alſo taken, about that Iſland, near Twenty Sail of Veſſels, large and ſmall; one of which the Government Sloop, with Soldiers, going to ſhift the Garriſon.

Captain Philipſon was chaſed off the Capes of Virginia by a Sloop, which he took to be a Privateer; and ſpoke a Veſſel from Virginia, by which he learnt, that there were a Privateer Sloop, and Schooner on the Coaſt, which had taken a Snow from Virginia, and ranſomed her.

On Saturday laſt one of our Pilot Boats came up, with the diſagreeable News of a Privateer being on the Coaſt. And on Thurſday Morning, as Captain Magnus Miller, in the Brig Lovely Laſs, bound to Barbados, went out of the Capes, he was attacked by a Sloop, who gave him her Broadſide; upon which he immediately hauled his Wind, and fired his Stern Chace Guns, the Privateer purſuing, and firing her Bow Chace, and continued in that Manner as long as they could be ſeen; but, as it was thought the Lovely Laſs gained on the Privateer, we are in Hopes ſhe has got clear.

Captain File, in a Brig belonging to Poole, is arrived here. She was bound to London from Antigua, and ſailed the 6th of June from St. Chriſtophers with the Fleet, but was ſoon after taken by a Spaniſh Privateer, and retaken by Captain Scull, in a St. Chriſtophers Privateer, and the Diana, of Rhode-Iſland.

Captain Tillage for Jamaica, and Captain Sutherland for Barbados, both from Virginia, are taken.

Yeſterday arrived here Captain Simonton from Jamaica, but laſt from the Havannah, in thirteen Days, by whom we are informed, That our Army had been then landed about a Month; did not loſe one Man in Landing; had been a little ſickly, owing to the wet Weather they had when they went aſhore; but that they were well recovered, and in high Spirits: That they took two of the Enemy's Batteries, before they began to play upon the Moore Caſtle, which they did with three Batteries, and on the 15th Inſt. opened a Fourth, of Eight Guns, within 100 Yards of the Caſtle; from all which they fired inceſſantly, Night and Day, by which ſeveral Breaches were made, and it was almoſt tore to Pieces: That the Spaniards had made a Sally, and were repulſed with Loſs: That the General had ſome Thoughts of Storming the Place, but ſet that Deſign aſide, on learning that the Enemy had laid ſome Mines, in order to blow up our People: That the Pipes, which conveyed the Water into the Moore Caſtle, had been effectually deſtroyed by our Men, which greatly diſtreſſed the Enemy; but that, in Return, they had found Means to poiſon the Water with which the Engliſh Army was ſupplied; ſo that they were obliged to go four or five Miles from the Havannah for it: That three of our Ships of the Line, the Cambridge, of Eighty, and two others, of Seventy Guns each, were ordered to batter the Moore Caſtle, which they did for five Hours, damaged it greatly, and diſmounted a Number of its Guns; but the Capt. of the Cambridge, and 100 of her Men being killed, and about 50 of the other two Ships Companies, the Admiral ordered them off: That the Engliſh employed a Number of their beſt Markſmen, in order to pick off the Enemy, as they came out to load their Guns, by which they killed a great many, and had themſelves received but very little Loſs: That the Moore Caſtle was ſo ſurrounded by the Engliſh, that its Communication with the Town was quite cut off, and no Perſon could go in or out of it: That our Fleet had taken a Spaniſh Frigate; and alſo a Ship from Cadiz, loaded with Warlike Stores of all Sorts: That the Fleet from New-York was not arrived, but looked for every Hour: And that the Jamaica Fleet, under Commodore Douglas's Convoy, was at the Havannah, and ordered, by Admiral Pocock, to remain there for eight Days.—Captain Simonton was on board the Cignet Frigate of War for ſome Hours, where he received this Intelligence; and was further told, that the Moore Caſtle was in ſuch a ſhattered Condition, that it could not hold out above four or five Days after he left the Havannah.

ANNAPOLIS, *Auguſt* 5.

On the 26th of laſt Month, about eight Miles from *Frederick-Town*, in *Frederick* County, Mr. *George Jacob Poe*, was ſhot at his own Houſe, by a *Dutch* Servant Man of his, with 2 Bullets and 5 Swan Shot, thro' the Body juſt below his Navel, of which he inſtantly Died, and has left a Widow and ſeveral Children to lament him. The Villain who ſhot him, is confin'd in Irons in *Frederick* County Goal, where his Wife is likewiſe confin'd, as ſhe has confeſs'd ſhe had often heard him ſay he intended to Kill his Maſter, but never mentioned it to prevent the melancholly Cataſtrophe. Juſt before he committed the Murder, he took the Gun and run after his Wife, as if going to ſhoot her, but on Mr. *Poe*'s ſpeaking to him, he turn'd about and ſhot him as above. He appears to be a harden'd moſt abandon'd Wretch, and only ſays that he was Drunk at the Time.

Saturday the 24th *ult.* a Barn belonging to Mr. *Richard Waters* at *Seneca* in *Frederick* County, was Fired by Lightning, and burnt down, with a Quantity of Grain and Tobacco, to the Value of 150 Pounds.

Sunday laſt Afternoon, ſome impudent Thief, enter'd a Houſe in this Town, when no Body belonging to it happen'd to be within, and broke open a Deſk, wherein it is ſuppos'd was a large Sum of Money; but the Sum cannot be aſcertain'd as yet, the Gentleman who own'd it being gone to *St. Mary's* County. They left in the Deſk near Twenty Pounds *Maryland* Currency, and one ſingle Piece of Silver in a large Bag.

On Tueſday the 27th *ult.* the Schooner *Peggy*, *William Grymes* Maſter, from *Hampton* for *Great Choptank*, was taken off the Spit of *York* River, by a *French* Privateer of 8 Carriage and 12 Swivel Guns, and 75 Men. She was called *La Mariene*, *Don Pedro Ordogner* Commander. The Schooner was loaded with Dry Goods, to the Value of 6000 *l.* Sterling, from on board the Ship *Argyle*, Captain *Alexander Murray*, juſt arrived from *Glaſgow*. A few Days before ſhe met with the above Schooner, ſhe took a Sloop from *Wilmington*, *John Beard* Maſter, off the Capes of *Delaware*; after taking out ſome Rum, *&c.* they ſkuttled her, and ſhe drove aſhore on *Chingoteague-Iſland*. There were Paſſengers on board the Schooner, Mr. *John Glaſſell*, formerly of *Talbot* County, and Two young Gentlemen, who all came Paſſengers in the above Ship; and after carrying them about 4 or 5 Leagues to the Eaſtward of the Capes, the Privateer gave Capt. *Beard* a Two Maſt Boat, which they had pick'd up in *Rappahannock*, with Two Negroes on board, in which the above Paſſengers got on Shore, near *Senipuxent*. The Privateer was very ſhort of Proviſions, ſo that, after plundering the Paſſengers of every Thing, they gave them only 5 Gallons of Water to 6 Men for Subſiſtence, until they ſhould get on Shore. During the 48 Hours theſe Paſſengers were on board, the Privateer's Crew made a Deſcent on Cape *Charles*; but they met with ſo warm a Reception, that they were obliged to make the beſt of their Way on board, without getting any Plunder. They had an *Engliſh* Pilot on board, well acquainted with all the Rivers and Creeks in *Cheſapeak* Bay, and their Intentions were to plunder Col. *Air*'s Houſe, of which they were well inform'd, had they not met with the above valuable Schooner. There were but Five *Frenchmen* on board, the reſt *Spaniards*, *&c.* with a *French* Commiſſion. The Captain behaved like a Gentleman; the Crew were Scoundrels. The Paſſengers arrived at *Oxford* laſt Tueſday Night.

For the Cure of the GOUT *and* RHEUMATISM, A NEW DISCOVERED MEDICINE, *called*,

ELIXIR of BARDANA.

THE *BARDANA* is a common innocent *Britiſh* Plant, its Virtues againſt the Rheumatiſm have always been known; and the Phyſicians of EDINBURGH, who have diſtinguiſhed themſelves eminently in the Improvement of Medicine, now give it conſtantly and ſucceſsfully in that Diſeaſe: The Author claims no Merit but that of extending its Uſe, aſſiſting its Efficacy, and reducing it to a Form in which it may be more conveniently taken. It is pleaſant, ſafe and effectual; and if we judge from the firſt Experience upon himſelf, and the happy Effects of its Uſe in a great Number of other Caſes in *London*, there is Ground to hope theſe Diſeaſes will no longer ſo grievouſly torture Mankind.

To prevent the Return of the Gout has been hitherto found impoſſible; and perhaps is not to be wiſhed; but to relieve thoſe who ſuffer it greatly is in our Power; to reduce the Number, and ſhorten the Continuance of the Fits; and to alleviate the Pain of them: So much will be effected by this Medicine. The Author is known, and the Afflicted may take it without Fear; for however limited his Power may be in doing good to Mankind, he would not for any Conſideration be the poſſible Cauſe of doing Harm to any.

Among the Numbers who have taken it in the Courſe of the laſt eight Years, it is to be affirmed, with perfect Truth, there is not one who has not found great Benefit.

The Author by the Uſe of it has reduced the Gout, which uſed to confine him a third Part of the Year, to a ſlight Fit of three or four Days, Spring and Fall, with perfect Health in the Intervals: And others who have perſevered in its Uſe, have found the like Advantage. Theſe are its Effects in the Gout, which are as great as a conſiderate Perſon would deſire:

In the RHEUMATISM

It is a certain and abſolute CURE, and the Diſeaſe NEVER RETURNS.

The Doſe is a Tea Spoonful in a Wine Glaſs of Water Night and Morning.

Its Operation is by inſenſible Perſpiration, and ſlightly by Urine.

TO BE SOLD,
